## INTEGRATED FACILITIES SOLUTIONS, INC.

*The strategic partner for healthcare facility improvements*

### **We help you be more successful because we know the business challenges you face**

IFS is a full-service owner's representative and a program, project and construction management firm. Advocating for owners since 1998, we have successfully delivered more than 2,000 healthcare facility improvements, upgrades, expansions, and new construction projects.

### **We'll build success for you, too**

IFS will show you how our project management professionals harness the power of our cloud-based program, PMWeb®, which provides real-time access to all your core management functions, while eliminating wasteful inefficiencies and punishing time and cost overruns.

**Ask our Brad Wilson or John Zachara how we can make your capital projects more successful**
